SlimStar i250

Deluxe Multimedia Keyboard

Experience the next generation Genius keyboard, SlimStar i250, which includes a deluxe keycap design, a mirror-like top cover, and a slim, sleek design. The keycaps are designed with smooth rounded edges that allow for perfect finger positioning, and soft enough your fingertips can glide from key to key, hour after hour. Its mirror-like top cover also provides a more elegant fashion style. SlimStar i250 has twelve functions keys which provide media, Internet and several unique functions. Simultaneously press FN + F12 to instantly access Facebook. Additionally, SlimStar i250 has three Windows 8 function keys that allow you to switch between applications, close existing application and search the application. With transparent Num/Scroll/Caps lock icons, the icons instantly disappear when turned off for a cleaner looking keyboard.
